

Felipe FETT

{ FULL STACK SOFTWARE ENGINEER | FRONTEND SPECIALIST & TECH LEAD }

Porto Alegre, RS, Brazil (Remote Worldwide) | Portuguese (Native) / English (Fluent) | fcfett@gmail.com | +55 51 99630-2557 | Open to Global Remote Roles

SUMMARY

Senior Full Stack Software Engineer with **15+ years of experience delivering scalable, high-impact web applications for product-led, remote-first companies**. Frontend specialist with deep expertise in **React, TypeScript, Next.js** and **design systems**, combined with strong backend experience in **Node.js** and **GraphQL**. Proven technical leader mentoring engineers, leading cross-functional teams, and enabling stakeholders through robust tooling. Currently available for full-time, long-term remote roles worldwide.

TECHNICAL SKILLS

Frontend: JavaScript (ES6+), TypeScript, React, Next.js, Angular, Vue.js, HTML5, CSS3, Tailwind, SASS.

Backend: Node.js, GraphQL, SQL, NoSQL, ORMs, PHP (Laravel), Python (Django), Elixir, .NET.

Architecture: Design Systems, Component Libraries, Monorepos, Turborepo, CMS.

Testing & QA: Jest, Unit Testing, A/B Testing, Code Quality, Performance Optimization, Storybook, Playwright, Percy.

Leadership: Agile/Scrum, Mentorship, Stakeholder Collaboration, Remote Teams.

Cloud: AWS, Azure, GCP (hands-on usage in production environments).

AI: Chat GPT, Gemini, Cursor, GitHub Copilot.

PROFESSIONAL EXPERIENCE

Full Stack Software Engineering Consultant – Avenue Code

Oct 2023 - Oct 2025 (Contract Completed) | Remote

Tech: React, Redux, TypeScript, JavaScript, Node.js, Jest, Playwright, Percy.

- Partnered with international clients to deliver and scale frontend-heavy full stack solutions.
- Increased **test coverage** and **code maintainability**, reducing regressions and improving delivery confidence across multiple client projects.
- Led UI/UX improvements and implemented new features across multiple products.
- Actively contributed to **agile** ceremonies, improving team alignment and delivery efficiency.

Full Stack Software Engineer / Frontend Specialist – Legends of Learning

Jan 2022 - May 2023 | Remote

Tech: React, Next.js, GraphQL, TypeScript, Tailwind, Turborepo, Elixir, Storybook, Playwright, Percy.

- Built and maintained **role-based products** for teachers, parents and students at scale.
- Developed **complex dashboards, charts and analytics** to track and improve student performance.
- Collaborated with PMs, designers and engineers to deliver **pixel-perfect responsive UIs**.
- Implemented **data-driven** email templates and layouts that successfully **re-engaged inactive users**.

Frontend Software Engineer III / Tech Lead – Agibank

Jan 2021 - Nov 2021 | Remote

Tech: React, Next.js, GraphQL, TypeScript, Tailwind, Contentful, Turborepo, Storybook.

- Led a **multidisciplinary team of 6 people**, acting as technical focal point, setting architectural direction and mentoring team members.
- Architected a **monorepo ecosystem** including a **design system**, a React **component library** and a Next.js CMS-driven website builder.
- Enabled marketing teams to independently manage content via **Contentful CMS**, reducing engineering dependency.
- Implemented CI/CD pipelines triggered by CMS webhooks for staging and production deployments.

Software Specialist II (Frontend) – ADP Brazil Labs

Mar 2020 - Jan 2021 | Remote

Tech: Vue.js, Vuex, TypeScript, GraphQL, Jest, Python (Django).

- Established frontend **patterns, standards** and **best practices** across the team.
- Led **TypeScript adoption**, improving reliability and development velocity.
- Designed and implemented **reusable** and **responsive** UI components.
- **Mentored** and introduced backend-focused engineers to frontend concepts, increasing their participation in team requests.

Earlier Experience (2011 – 2020)

Full Stack & Frontend Onsite Roles – VG8, Grupo L&S, Stefanini (Dell), NTConsult

Tech: JavaScript, TypeScript, JQuery, Angular, React, Node.js, SQL, NoSQL, PHP (Laravel), .NET, HTML5, CSS3, SASS, LESS, UI, UX.

- Delivered enterprise and consumer-facing applications across fintech, media and government sectors.
- Built analytics platforms, chatting and UI tools, ERPs and API integrations to scalable systems using responsive user interfaces.
- Strong foundation in UX/UI design, A/B testing, performance optimization and cross-team collaboration.

EDUCATION

Professional experience-driven career with continuous learning in software engineering and UX/UI.
